- 5 Pieces/unit
3 10#/unit

Tools :

- Shovel
- Level
- Ladder(s)
- 9/16" wrench
- socket wrench
- 9/16" socket
- concrete

1. Set pole to depth shown on the illustration. With concrete one foot below the pole. Make sure when setting square pole that flat side of pole is square with playing area and that pole is set straight. Concrete installation may vary upon soil condition.
2. After Pole has been set and properly mounted, Carefully mount extension arm to pole. To reduce vibration, fill vertical pole with concrete (Approxiamately 1-2 buckets).
3. Assemble goal and backboard using the hardware that is included., mount complete assembly (goal and backboard) to the extension arm Finger tighten only.
4. Mount upper end of support braces and Adjust the length of the lower end of support brace. Finger tighten only.
5. Square-up backboard and goal then tighten securely. Tighten sway braces at both ends and at adjustable collar. IMPORTANT to tighten securely at collar.
6. All parts of this pole are finished to withstand the elements. The weld area may require touch up with paint after a period of time. The entire unit may be painted if desired.

! SAFETY INSTRUCTIONS !

Failure to follow these instructions may result in injury or property damage. Owner must ensure that all players know and follow these rules for safe operation of this system.

- Failure to follow proper safety precautions during installation may result in serious injury. Please use extreme caution while installing this system. Components of this system are very heavy and may require a fork lift or other type of equipment.
- The longevity of your Basketball system depends on many conditions such as: the location, the climate, and any exposure to corrosives.
- DO NOT HANG on the rim or any part of the system.
- Do not climb, slide, shake or play on pole.
- Do not allow children to move or adjust system. Adult supervision is recommended.
- Serious injury could occur during play activity if teeth/face come in contact with backboard, net, or rim.
- During play, do not wear any jewelery or objects that may get caught in the net.
- If technical assistance is required please contact Douglas Industries.
