

VCP Foul Pole Kit (Item #'s 66350A, 66350B & 66350C)

Includes:

- 4- Brackets
- 4- U-Bolts
- 2-Flags
- 4- Retainer bolts with nuts
- 4- PVC Tubes

Instructions:

1. Install the top bracket (Top should be 1/2" down from the top edge of the pole). Put the flat top hem into the bracket channel and slide the plastic tube into the hem all the way to the bracket base.
2. Install the bottom bracket (Channel opening up) and insert the flag bottom hem into the channel.
3. Before tightening the bolts, insert the plastic tube all the way in the hem. Now pull downward on the bracket to tension the flag while tightening the clamping bolts.
