

# Douglas® Batting Tunnel Nets

Douglas® batting tunnels are available in seven standard sizes and manufactured using three premium materials. Douglas® offer this variety in order to meet each customer's specific needs and applications. Tunnels feature overlap-style entry door at one corner on short end dimension.

Tunnels have reinforced rope borders around the perimeter and along the top center. Douglas® can also manufacture custom batting tunnels to your specifications. Optional net dividers and net savers are available.

## Douglas® HTPP Knotless High Tenacity Polypropylene (Pylon) Black Tunnels:

- Pylon netting is extruded to permanently resist weather, UV, mold and mildew
- Pylon material is stronger and more durable than nylon netting
- All tunnels are made using 1-3/4" knotless square mesh to reduce sag and improve appearance

- All tunnel borders and top centers are reinforced with 1/4" rope
- Standard sizes are listed below. Tunnels can be customized to your size specifications. Custom tunnels use reinforced vinyl instead of 1/4" rope for borders and top centers

**Simply the Best!**

### Professional, BT-PRO 3.5

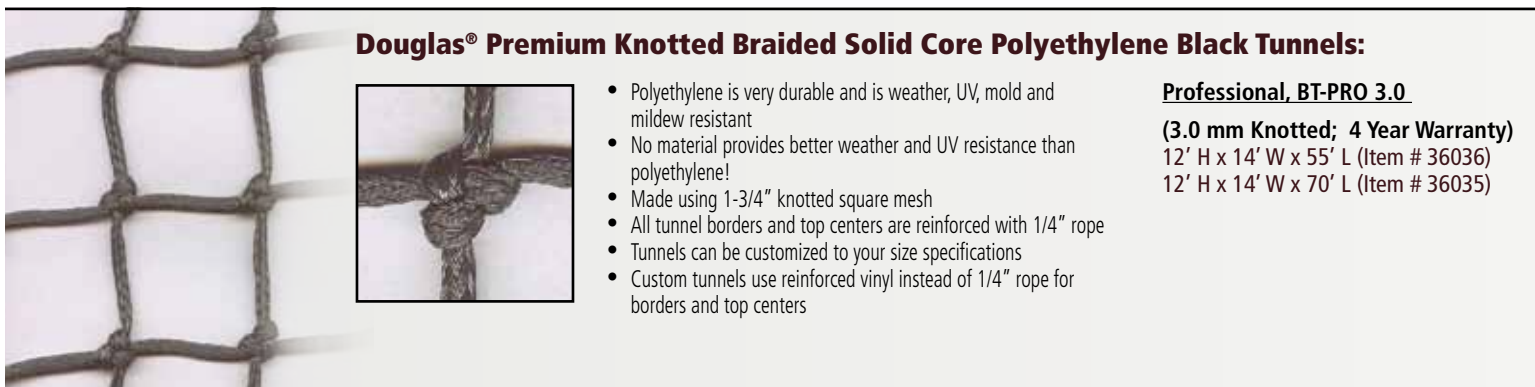

(3.5mm Knotless; 4 Year Warranty)

- 12'H x 12'W x 55'L (Item # 36038PP)
- 12'H x 14'W x 55'L (Item # 36036PP)
- 12'H x 12'W x 70'L (Item # 36033PP)
- 12'H x 14'W x 70'L (Item # 36035PP)
- 12'H x 12'W x 75'L (Item # 36034PP)

### Collegiate, BT-3.0

(3.0mm Knotless; 3 Year Warranty)

- 12'H x 12'W x 55'L (Item # 36028)
- 12'H x 14'W x 55'L (Item # 36026)
- 12'H x 12'W x 70'L (Item # 36023)
- 12'H x 14'W x 75'L (Item # 36029)
- 12'H x 12'W x 75'L (Item # 36024)
- 12'H x 14'W x 70'L (Item # 36025)

## Douglas® Premium Knotted Braided Solid Core Polyethylene Black Tunnels:

- Polyethylene is very durable and is weather, UV, mold and mildew resistant
- No material provides better weather and UV resistance than polyethylene!
- Made using 1-3/4" knotted square mesh
- All tunnel borders and top centers are reinforced with 1/4" rope
- Tunnels can be customized to your size specifications
- Custom tunnels use reinforced vinyl instead of 1/4" rope for borders and top centers

### Professional, BT-PRO 3.0

(3.0 mm Knotted; 4 Year Warranty)

- 12' H x 14' W x 55' L (Item # 36036)
- 12' H x 14' W x 70' L (Item # 36035)

## Knotted HDPE High Density Polyethylene Hollow Core Black Tunnels:

- Polyethylene material is UV-treated
- 1-3/4" square mesh with reinforced sewn rope borders
- Includes 6' rope tails and sewn loops at the four corners for ease of installation

### BT-2.5 Netting

(2.5 mm Knotted; 2 Year Warranty)

- 12' H x 14' W x 35' L (Item # 36050)
- 12' H x 12' W x 55' L (Item # 36051)
- 12' H x 14' W x 55' L (Item # 36052)
- 12' H x 12' W x 70' L (Item # 36053)
- 12' H x 14' W x 70' L (Item # 36054)
