

Douglas® Indoor Batting Tunnels

Indoor Batting Tunnel Tensioning Kit (Item # 66200)

The perfect solution for anyone who wants an indoor batting tunnel but can't install or leave up overhead cables, permanent posts or automated drop down frames. This system is ideal for multi-purpose facilities like gymnasiums, cafeterias, pole buildings, etc. because it sets up, tears down, and stores away in minutes--leaving your space free from any overhead obstructions. Choose your batting tunnel net and add a heavy-duty vinyl floor cover for a complete professional indoor batting tunnel system.

Tensioning Kit Contains:

- 6 – Eyebolts
- 6 – Spring Link Clips to attach to corners & middle of batting tunnel net
- 6 – Cables 15' long
- 3 – 50' Pieces of High Strength Braided Hoisting Rope 3/8"
- 3 – Complete Cam Lock Pulley Systems

Batting Tunnel Floor Covers
