

# PROTECTIVE SCREENS AND BACKSTOPS

Choose from our Standard or Deluxe weight protective screen frames in either galvanized steel or black polyester powder coat finish for maximum protection. Twisted Knotted Nylon protective netting is 1-3/4" square mesh and boasts a 459 lb break strength. Netting is UV and weather treated. Screens are available with Slip-On style net or with standard fitted nets with lacing cord. Slip-On style nets slide over the frame and only require lacing cord at the bottom to close the net. 5 Year limited warranty.

## Standard Steel -1.6" OD Steel

## Deluxe Steel -1.9" OD Steel

### L-Screens

All L-shaped screens measure 7'h x 7'w and have a 36" x 36" cut out. Screens can be used with a pitching machine or a live pitcher during batting practice. Reversible for right or left handers.
